Emergency Prescription Assistance Program(EPAP)

Hurricane Sandy Response

The Emergency Prescription Assistance Program (EPAP) provides an efficient way for pharmacies to process claims for prescription medications and limited durable medical equipment (DME) provided to individuals who are from an affected area declared by the President and who do not have any form of health insurance coverage. Claims for individuals with private insurance, such as an individual health insurance policy or employer-sponsored coverage, public insurance, such as Medicare, Medicaid, or other third party coverage, are not eligible for payment under the EPAP.

Eligible individuals may be provided essential pharmaceutical and DME written prescription assistance limited to a one-time 30-day supply for a medication to treat an acute condition, to replace maintenance prescription drugs or medical equipment lost as a direct result of Hurricane Sandy or as a secondary result of loss or damage caused while in transit from the emergency site to the designated shelter facility at no cost to the patient. Contract pharmacies must check for other forms of health insurance coverage at the point of sale to assist in the determination of eligibility. Only claims with a date of service between November 06, 2012 and November 05, 2013 eligible **EPAP-Sandy** are for processing under the Activation.

Eligible individuals must have a new prescription from a licensed health care practitioner, a current prescription bottle, a prescription phoned in by a licensed health care practitioner or proof of an existing prescription in order to receive a prescription fill and/or limited durable medical equipment (e.g. canes, walkers, wheelchairs and diabetic supplies*). Contract pharmacies must dispense the generic form of medication unless otherwise indicated as Brand Medically Necessary (BMN) by the licensed health care practitioner. To submit a prescription for EPAP coverage, pharmacies should include the following information:
